Claimant count.

This experimental series counts the number of people claiming Jobseeker's Allowance plus those who claim Universal Credit and are required to seek work and be available for work and replaces the number of people claiming Jobseeker's Allowance as the headline indicator of the number of people claiming benefits principally for the reason of being unemployed.

All data are rounded to the nearest 5 and may not precisely add to the sum of the number of people claiming JSA, published on Nomis, and the number of people claiming Universal Credit required to seek work, published by DWP, due to independent rounding.
